

gliolan®

Certificate

Dr. Ahmad Firas Kalaji

from
Klinik für Neurochirurgie
Zentralklinik Bad Berka
Robert-Koch-Allee 9
99437 Bad Berka
Germany

has successfully participated in a one day training course covering

**Fluorescence-guided resection using gliolan®
on 28th February 2014**

at
University Hospital Münster
Department of Neurosurgery
Albert-Schweitzer-Campus 1
48149 Münster
Germany

The contents of the training course follow the conditions required by the EMA (European Medicines Agency) to ensure the safe and effective use of gliolan® as defined by market authorisation on September 9th, 2007.

The training course was organised and performed by medac GmbH and fulfils the additional risk minimisation measure, aimed at reducing neurological adverse effects by the use of gliolan®

The trainee has received the training manual and is in possession of this certificate authorised to use gliolan®

28th February 2014
